Headline:
Dry, cold and often cloudy Tuesday. Some brighter spells.

Today:
Another dry and often cloudy day. A better chance than yesterday for brighter intervals to develop at times, especially in the afternoon. Feeling rather cold even with light winds. Maximum temperature 6 deg C (43 deg F).

Tonight:
Dry and cold with light winds overnight. Cloud likely breaking up, allowing longer clear spells to develop, and giving a frost for many areas. Minimum temperature -2 deg C (28 deg F).

Wednesday:
A bright and frosty start on Wednesday. Cloud likely thickening later in the day, with some rain possible in the evening. Remaining cold. Maximum temperature 5 deg C (41 deg F).

Outlook for Thursday to Saturday:
Thursday and Christmas Eve often cloudy, breezy with rain at times. Becoming milder. Turning colder and windy Christmas Day, with further wet weather, possibly wintry to lower levels.
